## Selectmen's Meeting

### PAGING SYSTEM APPROVED

Mary Sullivan, representing the District Nurses, asked Selectmen to set up a paging

system for the nurses using the police control center as the paging center. Police Chief James Moran said that in his opinion it would be a good idea and that it would be beneficial to have all town offices in contact with the same system because at present a cruiser has to be used to hunt them up. Even the shellfish warden, who has a radio in his pick-up, is often out of contact as he checks the shellfishermen on foot. He could be called if he were wearing a beeper.

Fire Chief Paul Bradley said that he and Rescue Chief Walter Morgado agreed that it would be very advantageous providing that it would not burden the 397 band now used by the fire and rescue crews. He said that this band has enough tones on it now. The only alternative suggested was the police 440 transmitter purchased in 1952. Chief Moran said the 440 was in good working condition and the range would be the approximate limits of the town - 8 to 10 miles. It was agreed that this transmitter could be used with an encoder (approximately \$370.) together with individual pages (cost \$235. each). Mrs. Sullivan said that the \$600. per year now used to hire an answering service would be saved and that part of this year's money would

**CABLE TV SURVEY**

Richard Coughlin of Bay State Cable TV, and Glen Hawes, chief technician of that firm, reported to Selectmen that a survey of the outlying districts of the town revealed that extension of the cable to at least 4 areas could not be economically feasible at this time. These 4 areas are beach areas with many seasonal homes.

Mattapoissett Neck is now served with cable as far as West Hill; from there to Antassawamock there are 167 homes along 7.28 miles, 93 of which are year round homes. Of these, 29 expressed a willingness to

pre-pay \$21. per month for a year before hook-up to provide Bay Cable with the capital to lay the cable. The company needs a density of 30 hook-ups per mile to make it economically feasible Mr. Hawes said. The cost per mile for materials and labor is \$8800 he said. Brandt Island (3.4 miles) has 162 homes; 52 seasonal or 13 homes per mile. Point Connett (1.44 miles) has 102 homes with 71 seasonal or 13 per mile.

Mr. Hawes said that Bay Cable has spent  
some 3.5 million dollars on installation  
as of Spring 1981.

#### ANSWER TO COMPLAINT

Police Chief James Moran wrote Selectmen  
concerning a complaint by Clarence Fountain  
about a parking violation citation. He said  
that the officer was on routine patrol and  
saw the Fountain truck parked on the wrong  
side of the street. He stopped and wrote out  
the citation and at no time did Mr. Fountain

appear. The officer said that had he ap-  
peared and explained the circumstances  
(flat tire) he would not have been ticketed.  
Chief Moran said his men are under instruc-  
tion to enforce the traffic laws equally  
throughout the town.

#### SEWER BILL UP 11%

The estimated sewer bill from Fairhaven  
for fiscal '82 is \$28,332.52. The cost for  
fiscal '81 was \$25,516.99. The \$2815.53  
raise is attributed to increased power cost.

## Letter to the Editor

When I read (twice) your editorial "Another Revolution", published August 5, 1981, it didn't seem "venomous" as it was called by James H. Fogarty in his letter published August 12; although it did seem opinionated and free-swinging.

I thought that what you said was within the bounds of "editorial license" which exists, just as does "poetic license". "Presto" is not the "New York Times" (I like it better because it costs less and tells me more about the Town I live in). But its editor has the same license: to express his opinions, however one-sided, as long as they are contained in editorials and not in news columns. Of course, when he does so, he should be prepared for letters to the Editor taking exceptions.

You have license to describe the "Spend and Elect" policy at the Federal level as "Democratic liberal". It was enunciated by Harry Hopkins, an intimate and advisor of

Franklin Delano Roosevelt who, when asked about the philosophy of the Party headed by FDR, said "We'll spend and spend and spend; and elect and elect and elect". There can be little doubt that Mr. Hopkins was a Liberal Democrat, and claimed to be one.

It is also permissible to conclude that after long years of living "high on the hog" "Tip" O'Neill appears a bit bloated; and that he is the present leader of the Democrats in the House of Representatives. However, it should be remembered that despite their party symbols not all Republicans are elephants, nor are all Democrats jackasses.

Fogarty letter together. No one, be he named Jason, Fogarty, Adams, Reagan, O'Neill, or anyone else, can prove that there is only one cause of the staggering budget and debt of the Federal Government. Certainly the cost of wars, hot and cold, past and future, is a large ingredient; swollen by our policy of financing our allies since 1915, rehabilitating our defeated enemies during many years, and financing the undeclared and indecisive Vietnam War mostly on credit, without the civilian austerities experienced during the First and Second World Wars.

As for the cost of our present defense program while we are not in actual armed conflict, I sense the prevailing opinion of both Democrats and Republicans to be that (1) the Pentagon will always ask for more money than it is getting; (2) there is considerable waste in the program; but (3) we are not ready, unilaterally, to lay down our arms.

It can hardly be denied, either, that the Budget has grown because of added Federal costs for welfare, otherwise known as Social Programs. Particularly unfortunate has been the merging into these Programs of the Federal Insurance Contributions Act. I do not attempt to comment on the need for or

desirability of the Programs, one by one;  
I merely observe that they cost money.

And then there is inflation, especially  
bad lately because much of it is "cost-  
push", not the classical "demand-pull"  
variety. Eminent economists differ about  
what should be done, so I am not ready to  
assume that I am smarter than the angels,  
and rush in.

As for taxes. I have never heard anyone  
accuse President Kennedy of being either  
a Republican or a reactionary Democrat.  
Yet he pushed for, and got, a substantial  
reduction in income taxes (as President  
Reagan has reminded us). Mr. Kennedy  
expressed the confident hope that the re-  
sult would be good for the economy, and  
that this would in turn have the results of

way. Whether, at this time, the Reagan tax  
cuts will have an inflationary effect, is a  
fear of some, and I respect it.

Mr. Fogarty says: "Finally, why is it that  
Republicans who like you are so concerned  
with people losing their incentive are so  
in favor of reducing inheritance taxes?"

First, let me advise him that no informed  
Massachusetts residents are concerned

years ago. The Massachusetts Inheritance  
Tax was replaced by the Massachusetts Es-  
tate Tax as of January 1, 1976. The Federal  
tax has been an estate tax for many years.

Second, the maximum Federal tax is 70%,  
and the maximum Massachusetts is 16%.  
True, only really large estates will be  
"milked" for 86%; but the combined levy  
can be substantial on those of somewhat  
lesser size. Some of my clients and ac-  
quaintances, Democrats as well as Republi-  
cans, think that this prospect dulls the in-  
centive to work as hard as possible and save  
and invest as much as possible, at a time  
when increased investment seems to be a  
need of our economy.

From Pat Gratton, Radio Station WWON, Woonsocket: "It started out with a friend telling me she had gotten pain relief of arthritis by drinking 'Pure Aloe Gel'... now my show has turned into the ALOE HOUR ... 'I had pains in my back, and my husband had pains in his legs. We're on our 2nd bottle and we feel great' ... 'I have a slight case of colitis and I feel so much relief' ... 'I'm on my 2nd bottle. I wasn't able to put weight on my right knee, now I feel great... it tastes like a lime rickey'... 'My left foot was so swollen from arthritis that the doctor was going to operate, now the swelling is gone and I feel great.'"

## Tennis League

With the league season concluding August 30th, all division championships in the Old Rochester Tennis League are up for grabs. In its second season well balanced competition has been the phrase best suited to describe league play.

Top seed in the advanced division Roger Ames has served and volleyed his way to a perfect 7-0 mark but the road has not been easy. In recent matches Ames had to

rally from a 6-8 deficit before defeating Dave Downing 10-8, and hold on to beat last year's champion, Ray Carvalho, 10-8. Ames needs three more victories to clinch the championship.

In the intermediate division Bill Hebert of Mattapoisett, a newcomer to the league, has proven too strong and steady for the competition as he has run his record to 8-0. Battling for second place in the league are John Losert 5-3 and Dick Douglass 5-2.

The doubles competition has proven equally interesting with many matches going down to the final points. The team of Downing and Kelsey has marched to a 6-1 mark with their only loss coming at the hands of Crowe and Doyon 10-8. In second place, trailing by only a game, are the teams of Ames and Rodriques 5-1 and Hohne and Grondski 5-2.

The overall standings which are based on points accumulated from singles and doubles show at least six teams within reach of the overall crown. Leading the league is the team of Hebert and Jim Wingate with 18 points followed closely by the teams of Ames and Rodriques and Downing and Kelsey each with 15 points.

The league will conclude its season with

ular demand for their second visit of the season. This spirited dance and show band combines the best of traditional jazz, swing-era classics and popular hits of the day. Using a sound heavy in brass to create a musical form distinctly their own - it is the sound born in the nightspots, halls and streets of New Orleans. Leader and vocalist Lee Childs plays a smooth clarinet influenced by Benny Goodman. The band's enthusiasm and its preference for dixieland and swing have attracted a large and loyal following on Cape Cod.

NEXT DOOR TO GLORIA STEVENS

The shallop is a typical coastal boat of the 17th century, 33 feet long. The replica has an oak frame and cedar planking with a single mast and spritsail rig. The shallop has two leeboards and eight oars and can be sailed or rowed.

A flotilla of local pleasure boats and Coast Guard vessels will greet the shallop when it enters Provincetown harbor. Town officials will welcome the Pilgrims who will later mingle with residents and tourists at Town Wharf from 3 to 6 p.m.

Speaking in 17th century dialect, the Pilgrims will recall their first visit to Provincetown and answer questions. They will be joined by Wampanoag Indians, members of the Plimoth Plantation staff, who will answer questions about Wampanoag history and culture.

At 6 p.m. the Pilgrims, seamen and Wampanoags will march to Town Hall on Commercial Street and stop before the Mayflower Compact Memorial. The group will

march south on Commercial Street to the Provincetown Heritage Museum for a greeting and exchange of gifts.

The colonists and natives will continue on to the Provincetown Art Association and Museum on Commercial Street for a public reception. Refreshments will be served.

The Art Association and Museum will host a 17th century nautical exhibit including Mayflower and shallop artifacts, all from Plimoth Plantation, which will debut that evening. The exhibit runs through September.

On Friday evening only, the Wampanoag Indians of Plimoth Plantation will demonstrate traditional crafts and exhibit cultural artifacts.

On Saturday, August 22, the Pilgrims and seamen will set sail for Eastham's First Encounter Beach. A representative of the Eastham Board of Selectmen will greet the Pilgrims at First Encounter Monument. Wampanoag Indians will participate in a ceremony there.

The Pilgrims will have a 17th century lunch on the beach and talk with onlookers.

The shallop will enter Barnstable Harbor at 4 p.m. on Sunday, August 24. Town officials and the Town Band will be there to

greet the voyagers who will mingle with  
townsfolk and visitors until 6 p.m.

At 6 p.m. they will march to the County  
Complex off Main Street for an official  
greeting ceremony.

The men from the 1627 Pilgrim Village of  
Plimoth Plantation will conduct a musket  
drill for townsfolk at the County Complex  
to compliment the Barnstable 1776 Militia  
Drill.

The Pilgrims and seamen will set sail for  
Plymouth on Monday morning and arrive at  
State Pier next to Mayflower II at 5 p.m.

The replica shallop was built in 1957 at  
Plymouth Marine Railways from plans drawn  
by William A. Baker of Hingham, a noted  
marine architect. Baker also designed the  
replica Mayflower.

The original Mayflower arrived in Province-  
town November 11, 1620.

The Pilgrims brought the shallop with them  
to use for exploration and trade. It was  
packed in pieces aboard the ship.

On November 13, 1620, the Pilgrims un-  
packed the shallop pieces and floated them  
to shore where it took the master carpenter

16-17 days to assemble it. On November  
27, the colonists began to explore the inner  
Cape to find a site suitable for their com-  
munity. They made several trips from May-  
flower.

On December 21 the Pilgrims landed on

Cranberry World Manager and Curator Anita Franks cites The Burgermeister's eight-piece oompah band as being a regional favorite enjoyed by many for over a decade. Led by Burton A. Burgess of Kingston, Mass., the group plays throughout the United States at Oktoberfests, political rallies, street festivals, and fund-raisers. According to Ms. Franks, the band's popular polkas, German garb, and repertoire of sing-along tunes create a lively and festive concert.

The band is divided into soprano, alto, and bass sections where instruments range from trumpets and clarinets to baritone horns and mellophones. The German Band's performance, as well as all the remaining concerts planned in the music program, are sponsored by Ocean Spray Cranberries, Inc.

Running throughout August with the concert series, in the "Cranberry Gallery" of the museum, is an exhibit of sculptures cre-
